GSP-1600
QUICK START GUIDE

Globalstar

Phone Registered " ℹ " and in Satellite Mode " 🛰 "

Make sure your satellite phone is operating in Satellite Mode by verifying that the " 🛰 " is displayed in the status bar.

The " ℹ " verifies that your Globalstar satellite phone is registered and ready to make outgoing calls.

" ℹ " also indicates that additional information is available. Press " info " for service provider information and current phone number.

Making calls

Always rotate and extend the antenna fully and keep it pointing straight up to the sky before dialing and while talking.
Correct   **Incorrect**

In Globalstar satellite mode, ensure:
▲ You are outdoors
▲ You have a clear view of the sky
▲ Your satellite antenna is pointing straight up to the sky

When making satellite calls, check for the Globalstar Satellite Mode icon " 🛰 ", signal strength indicator " 📶 " on phone display and that the registered icon " ℹ " is visible.
